## HAPPY AFORKPAH

Happy Aforkpah is a student at Palm Institute of Strategic Leadership pursuing Diploma in Computerized Accounting. She comes from Dabola in the Volta Region of Ghana, but spent her early years at Atieku in the Western Region of Ghana. She heard about Palm Institute through a relative, inquired about the scholarships offered and saw it as an opportunity to make something out of her life.

Happy believes Palm Institute is helping students like her with all the necessary tools to enhance their education and professional life. She feels Palm Institute offers the best learning environment and recruits the best lecturers who assist students in attaining their professional goals and objectives by providing the opportunity to ask challenging questions. She feels this enables students to think outside the box. Happy notes this has broadened her way of thinking and has given her the opportunity to know and understand how things work in corporate organizations.

"I do feel the style of education here at Palm Institute is very different and positive because of the effort and support from our lecturers
